

ESD shelf incl. console

24mm thick shelf complete with brackets for use in ESD environments.

The top of the table top is high-pressure laminate (HPL), the underside has a barrier layer and the top is edged with beech edging. Under the table top is an ESD earth terminal.

HPL provides a tabletop with strong scratch resistance and great resistance to liquids and chemicals.

Färger

Shelf light grey G3153

Console RAL7035
