

ErgoMulti packing table

Complete electric work table ErgoMulti including 24 mm table top in gray high-pressure laminate. Maximum load 250 kg spread load. Lifting speed 20 mm/s. The lifting speed applies without load and working height 709-1159 mm is with table top. Stroke length 450 mm. Control box and standard hand control included. The height is controlled with a table control placed on the right or left front.

The table is supplied with adjustable feet for adjustment to the floor. Wheel set is available as an option. 2 tables can be connected with a communication cable and run in parallel. The spacer gives the table good stability. The intermediate stay also has the purpose of storing the control box, electrical distribution, and cables as well as being an attachment point for superstructures. Stand color silver, RAL 9006.

Color
