

Boltless shelf system H-brace height 2000 mm

Complete Starter section of Boltless storage shelf with 5 shelves in height, the shelves are placed on two longitudinal shelf beams (L-beam), end walls fitted with reinforcing beams, height 2000 mm.

Boltless shelf systems are stable, galvanized storage shelves that are very easy to assemble without screws. These storage shelves have many smart details.

The storage shelves are delivered in four different depths and two widths and with a capacity of 150 kg or 250 kg. Increase capacity per shelf further by supplementing with reinforcement beams. Here you can choose from a large selection of starter sections and add-on sections.

A starter section is complete (can stand separately) and consists of 2 end panels, 5, 6, or 7 shelves and back cross. An add-on section is connected to a starter section or other add-on sections and consists of 1 end, 5, 6 or 7 shelves and back cross.

Boltless storage racks are supplied in different heights, depths and capacities.

Starting section width 750 mm
