

Shelf with telescopic rails GBP Workshop cabinet

Shelf with telescopic rails fits GBP's workshop cabinet. Fully extendable shelf. The shelf is mounted on telescopic rails. The shelf can be mounted with a smooth top or with a sharp edge for e.g. furnishings with small details. Complete with GBP's drawer interior in red plastic, which is available in various designs. With the workshop cabinet doors opened 90°, the shelf can be pulled out to 110%. The cabinets therefore do not require extra side space, but can be placed close together or in a corner.

Färger

Dark grey RAL7024
