

Masterclean

Tool and small parts washing Masterclean has two washing systems, which can be used together or separately.

The laundry can be cleaned in the enclosed space, where it is automatically flushed by six nozzles (of which three are movable from both the bottom and the top) or washed manually with a brush.

Masterclean is intended for aroma-free low-fat degreasing with a flash point above 70° C.

Internal washing space: 850 x 460 x 370 mm.
 Volume of washing liquid: 50 litres.
 Ventilation connection: Ø 123 mm.
 Complete with Aroma-free degreaser.
