

ESD ErgoMini

Complete electrically adjustable ESD work table ErgoMini including extension frame and 24 mm table top in gray ESD high-pressure laminate or ESD mat. The tabletop has a solid wooden edging and grounding terminal on the underside. The table is supplied with a grounding terminal with push buttons intended for ESD wristbands, a grounding contact with ring cable shoe and a terminal block. Max load 180 kg spread load. Lifting speed 20 mm/s. Maximum load refers to distributed load. The lifting speed applies without load. Stroke length 450 mm. Control box and hand control included. The table is delivered with adjustable feet for adjustment to the floor. Wheel set is available as an option. Stand color silver, RAL 9006.
