

Packing table combination 10

ErgoMini is an electrically adjustable work table that consists of two table legs with integrated motors in each leg.

The stand has intermediate braces for increased stability. The table height is easily regulated with a table control, which is mounted under the top in the table frame.

Including 24 mm table top gray high pressure laminate. The table's maximum load applies with a spread load, lifting speed applies when the table is unloaded.

Packing table Ergomini combination 10 consists of:

- 2 shelves
- 6 shelf dividers with a height of 200 mm

Color

Table top light grey G3153
